

SAFELITE AUTO GLASS

VACORP has a direct billing account with Safelite Auto Glass, so fixing your cracked or chipped windshield is easier than ever.

Having a cracked or chipped windshield not only impairs your vision while driving, but can become more costly to fix as it grows when weather changes. Getting it repaired may seem like a time-consuming task, but VACORP's account with Safelite makes it quick and painless because they come to you.

Our Solution

To better serve our VACORP members, a direct billing account has been set up with Safelite Auto Glass. Any time a member's windshield is damaged and can be repaired, VACORP will directly pay Safelite 100% of the repair cost. When the windshield must be replaced, members should submit the Safelite invoice to VACORP for review.

Have a window chip or crack? Follow these three steps and keep the damage from getting worse.

1. Report the claim to VACORP through www.vacorp.org.
2. Call Safelite at (800) 800-2727 and choose "Commercial Lines"
3. Provide the VACORP Account number: **346976**

Benefits to You

This account gives VACORP members many benefits which include:

- Having your windshield fixed when and where it is convenient for you because their mobile service comes to you
- Never having to deal with an invoice because VACORP is billed directly
- Getting quick and professional service from an established, nationwide business
