

Helping members mitigate risk is what we do best.

We strive to meet your risk control needs in the manner that is most convenient and effective for you. To that end, we are proud to partner with Midlands Management, a Safety National Company, in order to offer unlimited access to the Safety Source Video On-Demand library at no charge to our members. With over 1,000 titles to choose from, availability in Spanish as well as English, and content that can be streamed instantaneously online, we are confident you will be able to find relevant videos to augment your safety programs in an easy-to-use format.

We're here to help.

Our Risk Control department offers a variety of services from customizable in-person training to policy consultation to physical property safety walkthroughs and much more. Please reach out to your Risk Control Consultant with any questions about this video library or any other available services.

Safety Source Streaming Library

Over 1,000 videos

Most between 5-30 minutes

Many available in Spanish
